Limited One (1) Year Warranty Information

Warranty Coverage

OZAKI's warranty obligations are limited to the terms set forth below:

OZAKI warrants this OZAKI hardware product against defects in design, workmanship and materials under normal use for a period of ONE (1) YEAR from the date of the original user purchase ("Warranty Period"). Accessories accompanying with this product, such as Micro-USB charging cable, carrying bag...etc. are not covered. This Limited Hardware Warranty may be subject to OZAKI's change at anytime without prior notice.

Repair and replacement

The maximum liability of OZAKI battery shall not exceed the purchase price originally paid by you for the product. The original purchaser shall without undue delay notify OZAKI of any defect which appears according to OZAKI RMA Handling, failure to which shall mean that the purchaser waives its right to have the defect remedied. A valid form of a bill of sale or receipt from an authorized retailer/distributor with date of the original purchase must be presented to obtain warranty service. If a valid claim is received within the Warranty Period, the sole remedy of the original purchaser and OZAKI's sole and exclusive liability shall be limited to, at OZAKI sole discretion, either repair of the hardware defect using new or refurbished replacement parts, or replacement of the product. Repaired or replacement hardware will be warranted for the remainder of the original Warranty Period or thirty (30) days, whichever is longer. When a product or part is exchanged, the replacement hardware becomes the property of the original purchaser and all hardware or part thereof that is replaced shall become the property of OZAKI.

Exclusions and Limitations

This warranty does not apply: (a) to faulty and improper installation, maintenance, service, repair and/or alteration in any way that is not contemplated in the documentation for the product or canted out with OZAKI's consent in writing, operational adjustments covered in the operating manual for the product or normal maintenance, (b) to cosmetic damages, (c) if the product is modified or tampered with, (d) to damage caused by acts of God, misuse, abuse, negligence, accident, normal wear and tear and deterioration, improper environmental conditions (including, but not limited to, electrical surges, water damage and/or heat/cold/chemical exposure) or lack of responsible care, (e) if the product has had the model or serial number altered, defaced or removed, (f) to consumables (such as batteries), (g) to products that have been purchased 'as is' and OZAKI, the seller or the liquidator expressly disclaim their warranty obligation pertaining to the product, (h) to any non-OZAKI hardware product or any software (irrespective of packaged or sold with an OZAKI hardware product) and OZAKI products purchased from an unauthorized distributor/reseller, (i) to damage that occurs in shipment or (j) to damages by any other causes not related to defective design, workmanship and/or materials, (k) cracked or broken cabinets, or units damaged by excessive heat.

Warranty Service

The Limited Warranty is applicable in all countries and may be enforced by contacting OZAKI support worldwide. For more information, please visit: ozakiverse.com/support

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
